Re: Hip Hop Literacy Campaign

Dear DeeJay Ra:

Reading is not merely a pastime it is an opportunity to broaden your horizons. I find that a fruitful mind brings about great rewards. One does not have to be born gifted or smart in order to become educated. Education can be acquired by daily mind stimulation and development through reading the proper material. Reading enables you to gift YOURSELF with the tools needed to sharpen your thoughts.

I find that a necessary ingredient for success and self-fulfillment is a sharp and strongly developed mind. Remember you have the ability to shape your thoughts and unlock the key to the universe it is merely at the tip of your fingers.

So feed your mind and read books that will illuminate the path along your journey to success.

Books currently reading: 1. The Power of Now
2. The Purpose Driven Life
